Report of Webinar on "Tech Time Trace"

Name of the event: Tech Time Trace

Date: 13th October 2023

Time: 12:00 pm to 4:00 pm

Objectives:

- To empower students with practical insights, study roadmaps, and guidance to help them excel in these technical disciplines, fostering a collaborative learning environment within the academic community.
- To facilitate knowledge transfer and mentorship by S4DS to the students.
- To make students aware about various domains like web development, AI/ML, data science, Python, and Android development.

Beneficiaries: First and Second Year Students of KJSIT

No. of Participants: 250-260

Venue/Mode: KJSIT Library

Event Leads:

Kushaan Bhat- TY EXTC

Haritakshi Trivedi- SY AI-DS

Rahul Ganatra- SY AI-DS

Vrunda Parekh- SY AI-DS

Description:

The "Tech Time Trace" event was an inspiring day of connection and learning for First and Second Year students. Attendees were treated to a thought-provoking presentation by Mr. Janak Limbachia, setting the stage for engaging discussions on Web development, AI/ML, Data Science, Python, and Android development, followed by Miss Bhavormi Somaiya's dive into data structures and algorithms and the fundamentals of coding which left a lasting impression, equipping students with critical technical skills. Finally Mr. Heet Kalaria's insightful presentation on managing academic stress, studies, and personal well-being left attendees with valuable

takeaways. After presentation there were individual panels for Web development, AI/ML, Data science, Python, and Android development, which the attendees choose as per their interest and they were guided with the roadmap of the particular field. The event didn't just give students knowledge; it also created a strong sense of belonging and teamwork, reflecting S4DS's goal to link education, industry, and society in the Data Science and AI world.
